#### AC Communication

Given the multiple tracks with the CFAC site, I wanted to pull folks together to make sure we're coordinating, all aware of each other's actions, and all on the same page. I think everyone is needed for this discussion, so let me know if this time doesn't work. I'll find a conference line and will send out the call in information next week.

#### Agenda

NPL Proposal update and timeline (as of today, it's looking more and more likely we'll be able to propose the site this March)  
AOC update and timeline (Mark/Scott)  
Discuss need for Stakeholder and Public Notification  
Other items?

#### Potential Outcomes

Communication Strategy Update  
Website Update
